

Beispieleseite aus dem Spring journal

Fri., 21st March

Today was the beginning of spring. That means from today on days will be longer than the nights. The weather was nice. It was cold, only 5°C but the sun was shining when I went home from school. Dad brought Mum some nice red tulips.

Sat., 22nd March

It rained all day. The temperature did not rise above 8°C. So we cancelled the bike trip with Tom and Sarah, stayed inside and played X-box.

Sun., 23rd March

It rained again all day and it was cold again. Mom is angry because she can't go and work in the garden. The first yellow crocus has come out in the front garden.

Mon., 24th March

It stopped raining and the sun came out. Dad made an appointment to change his winter tyres. I saw a frog in the park.

Tues., 1st April

It was April Fools' Day today. I heard a good joke on the radio in the morning. Our P.E. teacher said she would not be caught by a joke but she was!

Fri., 4th April

Spring is here. The sun is really warm. I played football in the park with Tom and Jonas for three hours. It was great! We saw Sarah and Maja sunbathing in the park.
